Computing Hubs Cheshire and Wirral

The Fallibroome Trust

Primary Update
December 2023

Thank you for your support this year!

Thank you to everyone who has joined us for our Subject Leader Briefings, helping us to shape our upcoming support to best suit our schools. It has been great to see so many schools engaging in our FREE CPD and registering for FREE half-termly resource loans. A HUGE thank you to the schools who have hosted our CPD sessions across Wirral, Cheshire East and Cheshire West - We couldn't do it without you!

Updated FREE CPD listings

CLICK HERE

Don't forget CPD is FREE for all state-funded schools.
Schools in Education Investment Areas (Wirral) are eligible for one subsidy per academic year of £205. Further information is available here.

Congratulations!

Many congratulations to our teachers at Heswall Primary, Liscard Primary, Marlborough Primary, Upton Heath and Woodlands Primary (Cheshire) who have gained their Certificate in Primary Computing.

We now also have a number of primary schools working towards their Computing Quality Mark.

Wishing you all a happy and safe winter break!

We have been working hard this year to provide teachers across the region with support in teaching computing. Take a look at the resources on the next page as you count down to Christmas, we hope you find them helpful!
